# The Chairman Speaks

"I have never dreamt about success. I have always worked for it." Welcome to Hi-Tech Minerals and Chemicals Group. I would like to give a note of thanks to all those who have been an integral part of this wonderful journey to steer the success story of the Company which has progressively been built upon its core objective to benefit customers in a responsible way.

With a team of qualified professionals filled with the right business acumen, today, HTMC Group is fully geared to meet the demands of the global market. We have laid a strong foundation in the markets we operate with our vision to produce high and consistent quality everyday use minerals. All our business operations are proportionally related to our primary goal of placing customer on top with an unswerving commitment to offer the best to them. Every member of the group works dedicatedly towards realization of this vision. The core principles and values of the company continue to be the foundation for HTMC Group. Additionally, our environmentally friendly approach is consistent - we have been actively pursuing renewable energy sources, conserving precious resources like water and preserving the environment around our mining &

industrial sites. We embark on strong focus on improving our services and set new benchmarks to bring about paradigm change, thus keeping our organization always ahead of the curve. The fundamental pillars of our success remain our skilled, dedicated, talented and motivated people who continue to harness their diverse synergies and give just the very best to help the company remain ahead of curve. I take this opportunity to thank my team who is committed to stringent delivery standards and deliver the one thing that our customers want most - 'QUALITY GOODS AND SERVICES'. I am confident that our pioneering entrepreneurial spirit will help us to expand our global footprint and we will continue to advance on the growth path.

Warm Regards : Sandeep Baid | Chairman

# Our Products

With deep experience in Industrial Minerals backed with our own Mines and state of the art Manufacturing facilities, we are able to offer best in Quality and impeccable products for wide range of Industries and Applications.

- TALC

- CALCIUM CARBONATE - Ground, Surface Treated & Activated.

- PRECIPITATED CALCIUM CARBONATE-PCC

- DOLOMITE

- HYDRATED LIME / QUICK LIME

- CHINA CLAY

- KAOLIN & CALCINED KAOLIN

- FELDSPAR

- BENTONITE

- ALUMINUM SULPHATE

- SODIUM SILICATE

- DI-CALCIUM PHOSPHATE (DCP)

- Mg / Ca / Zn STEARATES

- INDUSTRIAL SALT

- STARCH

# Industries We Serve

## FOOD

- Talc • Calcium Carbonate • EDTA
- Hydrated Lime • PVD Salt

## PHARMACEUTICALS

- Talc • Calcium Carbonate
- Di-Calcium Phosphate • Kaolin,
- Mg Stearate • EDTA • Hydrated Lime

## COSMETICS

- Talc • Calcium Carbonate • Kaolin
- Bentonite • EDTA • Calamine

## HOME & PERSONAL CARE

- Calcium Carbonate
- EDTA • Sodium Silicate

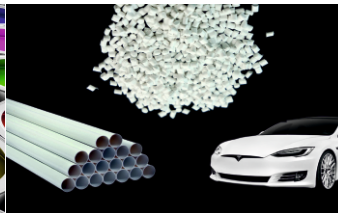

## SOAP & DETERGENT

- Dolomite • Calcium Carbonate
- Felspar • China Clay • Sodium Silicate
- Hydrated Lime • Salt

## PAINT & COATING

- Talc • Calcium Carbonate
- Felspar • Dolomite • Kaolin
- Calcined Clay.

## PLASTIC & COMPOUNDING

- Talc • Calcium Carbonate
- Stearates

## FEED

- Calcium Carbonate
- Di-Calcium Phosphate • Salt

## RUBBER

- Talc • Calcium Carbonate
- Kaolin • China Clay

## PAPER

- Talc • Calcium Carbonate
- Hydrated Lime • Kaolin
- Calcined Clay.

## FOUNDRY

- Kaolin
- Feldspar • Talc • Bentonite

## CERAMICS

- Talc • Feldspar • Kaolin • Quartz
- Calcium Carbonate

## WIRE & CABLES

- Talc • Calcium Carbonate
- Calcined Kaolin

## OIL DRILLING

- Calcium Carbonate
- Bentonite

## AGRICULTURE & FERTILIZER

- Calcium Carbonate • Kaolin
- Feldspar • Bentonite

## CEMENT & CONSTRUCTION

- Calcium Carbonate • Dolomite
- Feldspar • Quick Lime

# Infrastructure

HiTech Minerals and Chemicals Group has state-of-the-art Infrastructure across its entire operations and the facilities are continuously upgraded with the latest technologies to address requirements of new material and applications, demanding quality and hygiene standards and also meet the growing volume requirements. The infrastructure facilities of the company includes :

- ▶ Production on SS lines.
- ▶ Complete microbial control on production lines.
- ▶ Entire operations under HEPA filters.
- ▶ All regulatory compliance and approvals from local and international agencies.
- ▶ GLP certified labs with latest equipment's.
- ▶ Machines equipped with potential of obtaining lowest PSAs possible and as per client needs.
- ▶ Application labs to provide with the best results for industry wide applications.
- ▶ All approvals for operations from the Government.
- ▶ Water and wastewater management systems.
- ▶ Adherence to industry-specific regulations
- ▶ Emergency exits and evacuation plans.
- ▶ Safety features and compliance with industry standards.

# GMP Certified Plant

To further smoothen the process of proper administration the working procedure has been well planned and divided amongst four major departments.

- Administration - Finance, Sales, Marketing, HR
- Production - Warehouse (RM/PM/FG) Production
- Quality Assurance & Quality Control
- Engineering & Maintenance – Safety

## PRINCIPLES OF QUALITY POLICY

### Putting the safety of our consumers and our products first

We have mandatory quality standards in place against which compliance is verified through regular audits and self assessments. These standards ensure we design, manufacture and supply products that are safe and of excellent quality.

### Putting consumers and customers at the heart of our business

We actively engage with our consumers and customers translating their needs and requirements into our products and services, thus creating consumer value wherever we position our products.

## QUALITY IS A SHARED RESPONSIBILITY

Quality and consumer safety is the responsibility of every employee of our company. The drive for Quality, in all that we do, is a passion reflected in our brand development, manufacturing and customer service processes. We provide leadership, promote transparency and share best practice and we have effective working relationship with suppliers and business associates.

- GLP Certified Lab.
- Dedicated paint lab.
- Onsite Malvern
- Micro Lab.

## OUR COMMITMENT

### Quality Control

To win consumer's confidence and loyalty, we need to consistently deliver safe products of excellent quality. We understand different needs of our consumers and strive to develop and deliver superior products to ensure we remain the preferred choice.

And by applying consistently high standards, we are able to do things right first time, cut waste, reduce costs and drive profitability.

### BUILDING AND MAINTAINING EXCELLENT SYSTEMS TO ENSURE THE QUALITY AND SAFETY OF OUR PRODUCTS

We proactively and continuously develop and upgrade our systems and process to ensure Quality and Safety throughout the whole value chain, and we are setting a new benchmark in the Industry. We provide appropriate training and resources, and ensure that we fulfill our quality objectives and targets. We regularly measure and improve our performances using both internal and external benchmarks.

We actively promote our quality policy and have a quality assurance department in place to ensure consistency and visibility of quality standards, processes and performance indicators across our entire business at all levels.

We, at HTMC Group are a customer driven organization with our core focus being customer satisfaction. We strive to fulfil and exceed customer requirements on time, every time.

HTMC Group has also set a unique track record for itself by winning and retaining the confidence of all its customers.
